

Young Tycoons

Prakash Patel

B.E. (Mechanical)

Director Patels Airtemp (India) Ltd

Member of ASHRAE (American Society of Heating, Refrigerating and Air Conditioning Engineers)

Life member of ISHRAE (Indian Society of Heating, Refrigerating and Air Conditioning Engineers)

Prakash Patel, the whole time director of Patels Airtemp (India) Ltd. (PAT) having 18 years of experience or more rightly said, 18 years of expertise in the Air Conditioning and Refrigeration industry, is company's young gun on fire. He is the marketing force behind HVAC project division. His enthusiasm and spirit is the propelling force responsible for PAT's growth in leaps and bounds

Its almost impossible to present his achievements in a nutshell. However, it could be attempted as follows:

He and his dedicated team has completed Air Conditioning projects in some of the most popular places in Ahmedabad and Gujarat like

Fun Republic, City Gold, Wide Angle (Ahmedabad and Mehsana), City Point (Patan), Top3(Bhavnagar), Divya Bhaskar (Ahmedabad), Nirma University and New Ahmedabad Domestic Airport Arrival Block which is in final stage of completion. He was also engaged in Air Conditioning projects of Rajpath Club Ltd, Karnavati Club Ltd, Gujarat Chamber of Commerce and many more. In 1995-96, although having just a few years of experience, he almost independently handled the collaboration deal with

A well known company of U.S.A for production of Air-cooled Heat Exchangers. From handling the responsibility of finalizing the deal with the client to purchasing the machinery from U.S.A for Ranakpur Santej Plant, in each and every job, he demonstrated his comprehensive and futuristic management and leadership skills par excellence. He has participated so many Exhibition over Air conditioner & Refrigeration in last 10 years like Acrex, Comfex & Made his Companies good present in the Industry.

When it comes to identifying and surpassing the competition in global environment, he is definitely the man to be trusted and banked upon. He has travelled over 20 countries garnering business opportunities and is continuously striving to spread the footprints of our success across the globe. His abilities are evident by company's repeatedly received international orders. From dealing efficiently with Indian giants like Reliance, Nirma, Essar, Ingersoll rand, BHEL, IFFCO etc to mesmerizing international biggies like Pt-Indo Bharat Rayon in Jakarta and many more, his all-embracing skills have always been a catalyst to company's success.

Exemplifying his versatility, he is continuously involved in technical design, estimations and marketing of HVAC equipments like Air Handling Units, Cooling and Heating Coils, Window and Ductable type Air-conditioners. His expertise in utilizing the media has always been remarkable. His proficiency in media planning and conceptualization is clearly evident in his valuable and dedicated contribution in advertising stratagem. The extensive spreadsheet of his business skills again proved his unequalled expertise when he played a major part in taking the company from Private limited to Public limited during 1994-95.

His family has a legacy of technocrats:

Father: Narayan.G.Patel

B.E. (Mechanical)

M.E. (Air conditioning and Refrigeration)

Extensive experience of 41 years in Air conditioning and Refrigeration industry

Brother: Sanjiv.N.Patel

B.E (Chemical)

MIS (Masters in Information Systems)

Presently enriching his expertise in U.S.A. Working for the reputed companies of information system of U.S.A. Experience 8 years

His achievements at the age of 41 years are a landmark in the industry. Being such a huge business tycoon at just 41 years, he has proved that age is largely non-influential to success and has given a new youth icon to the industry.
